SPAN

response_summarization

28/05/2026, 11:12:15

Latency: 1.91s

Pretty JSON

Input

"Hi "

Output

"Hello! How can I assist you today? We can help you with sales analytics, product data, or operations policies.

Policy Guidelines
- Summarize the relevant company rules or compliance context in bullet points.

Key Insight
A single concise sentence explaining the immediate takeaway from this policy."

Latency: 1.56s

Pretty JSON

Input

DROP TABLE products

Output

Data Summary

- Query: DROP TABLE products
- Result: Database execution error: Unauthorized action: Only SELECT statements are allowed.
- Status: error

Key Insight

The attempt to drop the "products" table was blocked due to restricted permissions allowing only SELECT statements.

Pretty JSON

Input

{
 "query": "what is return policy ?"
}

Output

Policy Guidelines

- Completed orders qualify for a thirty-day return window.
- Refunds are processed back to the source bank within three business days.
- Pending orders cannot be refunded until the shipping hold is resolved.

Key Insight

The return policy allows customers to return completed orders within 30 days with refunds issued within three business days.
