SQL Warehouse Extraction and Document Compliance RAG

Hi

ROUTE: RAG

Hello! How can I assist you today? We can help you with sales analytics, product data, or operations policies.

Policy Guidelines

- Summarize the relevant company rules or compliance context in bullet points.

Key Insight A single concise sentence explaining the immediate takeaway from this policy.

SQL related

what are sales analytics?

ROUTE: SQL

Data Summary

- Total number of unique sales records: 11
- Total sales for 'MacBook Pro': Decimal('300000.00')
- Total sales for 'Sony Headphones': Decimal('24000.00')
- Total sales for 'iPhone 15': Decimal('170000.00')
- Total sales for 'iPad Air': Decimal('60000.00')
- Total sales for 'Logitech Mouse': Decimal('6000.00')
- Total sales for 'Dell Monitor': Decimal('50000.00')

Key Insight The MacBook Pro and iPhone 15 are the top-selling products, contributing significantly to overall sales.

how many total users are there?

ROUTE: SQL

Data Summary

- Total number of users: 7

Key Insight There are currently 7 total users in the customer database.

DROP TABLE products

ROUTE: SQL

Data Summary

- Query: `DROP TABLE products;`
- Result: Database execution error: Unauthorized action: Only SELECT statements are allowed.
- Status: `error`

Key Insight The attempt to drop the "products" table was blocked due to restricted permissions allowing only SELECT statements.

Rag related

 what is return policy ?

 **ROUTE: RAG**

Policy Guidelines

- For completed orders, customers can return items within 30 days for a refund.
- Refunds are processed within 3 business days.
- Returns for pending orders cannot be processed until shipping holds are resolved.

Key Insight Customers have a 30-day window to return completed orders, with refunds processed swiftly.

 what is refund policy ?

 **ROUTE: RAG**

Policy Guidelines

- Refunds for completed orders are processed within three business days to the source bank account.
- A thirty-day return window is allowed for refunds.
- Pending orders cannot be refunded until any shipping issues are resolved.

Key Insight Refunds for completed orders are processed quickly, while pending orders require resolution of shipping issues before refunds can be issued.

Hybrid : SQL + RAG

 why the sales are decreasing ?

 **ROUTE: HYBRID**

Data Summary

- Date: May 27, 2026
- Order Count: 11
- Total Sales: 610,000.00

Policy Guidelines

- Ensure sufficient stock allocation and timely delivery of high-demand products such as MacBook Pro and iPhone 15 to avoid sales impacts.

Key Insight The decrease in sales is due to global supply constraints and component backlogs, particularly affecting MacBook Pro and iPhone 15, which have led to delays and limited stock allocations.
